

Fire & Flood Restoration

Odour control with Ozone

The easy, natural way to remove the odours caused by fire & flood damage from carpets, clothing, fabrics and furniture.

Removing the odour of fire or flood damage from materials has never been an easy task. But using ozone makes it simple.

Ozone, sometimes known as 'activated oxygen', is probably the most powerful and effective natural cleaning agent known to man.

It removes odour by destroying the molecules that cause the smell - unlike the myriad of chemicals and wet foggers that mask them with a scent or dissolve them into the material. And because ozone quickly and safely reverts back to oxygen it leaves behind no harmful residues.

Application is easy too, either in-situ or away from the site. Simply leave the ozone generator in a room for a few hours and the odour is eliminated. No chemicals, no consumables, no mess, no problem.

So whether your business is in fire and flood restoration or as a dry cleaner who carries out remedial treatment of smoke damage, then ozone is the perfect solution.

Naturally....

Technical Specifications

"Destroys all unpleasant organic odours"

AirMaid 5000 series PORTABLE

- Dimensions:** 570 x 250 x 312mm
Weight: 5100 - 4.5kg • 5200 - 4.8kg
5400 - 5.4kg
Power Rating: 5100 - 50 Watts • 5200 - 100 Watts
5400 - 200 Watts
Voltage/Freq: 230Vac, 50-60Hz
Ozone Output: 5100 - 1gm/hr • 5200 - 2gm/hr
5400 - 4gm/hr

Treats areas up to 1000m³ for portable applications such as smoke damaged treatment rooms

AirMaid 3280 PORTABLE

- Dimensions:** 302 x 115 x 118mm
Weight: 2.1kg
Power Rating: 12 Watts
Voltage/Freq: 230V (110V Option)
Ozone Output: 100mg/hr

Treats areas up to 150m³, for portable applications such as nursing homes

Highly effective in car valeting

Note: Maximum room sizes are calculated based upon an unfurnished room. For applications involving restoration of clothing or furniture, please refer to your distributor or Ozone Industries.

Manufactured by & available from:

OZONE INDUSTRIES LIMITED
Unit 3, Regents Court, South Way, Walworth Business Park,
Andover, Hampshire, SP10 5NX.
