

‘The best hotels are those that make the guest feel as if he or she is unique and special.’

It is therefore vital that bedrooms and conference rooms do not retain stale odours of smoke, food and drink, or the previous occupants. Up until recently such smells have been difficult to shift and ‘masking’ using fragrances has only compounded the problem. But now there is a Natural Solution.

Ozone, sometimes known as ‘activated oxygen’, is probably the most powerful and effective natural cleaning agent known to man. It reproduces the freshness of the outdoors by destroying the bacteria that causes odour. And because ozone quickly and safely reverts back to oxygen it leaves behind no harmful residues.

Our range of portable ozone generators has been specifically designed for hotels and conference facilities. Perfect for moving from room to room they are a key part of a complete cleaning regime, ensuring a natural freshness and no lingering smells. Which means that your next guest will always feel as if they are your first.

Airmaid 2300 (Fixed)

Ozone Output	40mg/ hr - 70mg /hr
Dimensions	210mm x 75mm x 135mm
Weight	1.2 KG
Voltage/ Freq.	220 - 240V, 1 Ph, 50/60 Hz, 110V
Watts	12W

Treats areas up to 100m³, or fixed applications such as washrooms and corridors

Airmaid 3280 (Portable)

Ozone Output	100mg/ hr
Dimensions	302mm x 115mm x 118mm
Weight	2.1 KG
Voltage/ Freq.	230V (110V Option)
Watts	12w

Treats areas up to 150m³, for portable applications such as Hotel Rooms.

Airmaid 5100/ 5200(Portable)

Ozone Output	5100 - 1gm/ hr; 5200 - 2gm/ hr
Dimensions	570mm x 250mm x 312mm
Weight	5100 - 5.5 KG; 5200 5.8 KG
Voltage/ Freq.	230Vac, 50-60Hz
Watts	5100 - 50W; 5200 100W

Treats areas up to 1000m³, for portable applications such as large hotel bedrooms, conference facilities, bar areas

Pro3Tec (Portable)

Ozone Output	10gm nominal
Dimensions	730mm (H) 330mm (W) 330mm (L)
Weight	15kg
Voltage/ Freq.	230v, 50-60Hz
Watts	350w
